

K'nai, 9
hematological disorder

I wish to have a
princess bedroom

K'NAI'S WISH

.....

By participating in Wishmakers At Work® you can help grant wishes like K'nai's.

Today is the big day. K'nai's excitement peaks. She pushes the door open to her new bedroom and her sister runs in with her. Inside, K'nai finds a castle mural, new pink bedding and a delicate chandelier.

Her family, friends and Make-A-Wish® volunteers join her in the unveiling of her wish.

"Do you feel like a princess," they ask her. "Yes!" responds K'nai with absolute glee. With the help of a local interior designer, K'nai receives the perfect princess bedroom makeover.

This is her royal retreat – a place where she and her sister can be princesses anytime, complete with dresses and tiaras. Here she can take a break from her life-threatening medical condition.

Like her bedroom, K'nai is transformed. Her royal highness can feel like a princess every day. Her spirit is renewed. Thanks to all who came together to help grant her wish, K'nai is ready to face the future.

Make-A-Wish grants empowering wishes, like K'nai's every day. You can help grant more life-changing wishes by making a donation through the Wishmakers At Work program. Feel good and do good. It's that easy to make an extraordinary impact in the life of a seriously ill child.
