

WISH WEEK

Wish Week is a week's worth of fundraising, made up of daily fundraising events, held at your school in support of the Kids for Wish Kids[®] program and Make-A-Wish[®] mission. This week helps focus on teaching students personal responsibility and the importance of supporting their community.

Successful Wish Week fundraisers include days of themed fundraisers ending with a celebratory school assembly.

Monday: Crazy Sock Day

Tuesday: Paper star sales

Wednesday: 1985 Day

Thursday: School Spirit Day

Friday: Wear Make-A-Wish Blue/Pep assembly

Wish Week is just one of the many ways that you can fundraise for Make-A-Wish. Wish Week is part of the Kids for Wish Kids[®] program, enabling kids K-12 to help grant the wishes of kids with life-threatening medical conditions. Kids are responsible for the program from developing a plan of action to seeing their ideas come to life. Teachers and parents often serve as advisors, but ownership of the program belongs solely to the kids involved.

In addition to helping in getting wishes granted, kids walk away with a better understanding of:

Community service • Volunteering • Leadership skills

Money management • Teamwork • Entrepreneurship • Spirit Building
